You are invited to a CPE1 open house. Please join me for small discussions inside our classrooms.

Why Open Houses

One goal is to help our families visualize what in-person learning looks like now. That will help your family think about next year, when all children return to school buildings.

Why Small Groups

The first days of school will be busy with children. Our small groups this June will give adults more time and space. This is a quieter way to come back to a place you have not seen for a long time.

Flow of an Open House

Each open house session will begin in the courtyard on Madison Avenue. I will meet each group there. We'll take a moment together

outdoors, and then walk up to the second floor. After about thirty minutes, one group will leave, and the next group will begin in the courtyard.

Logistics

[Click here to sign up for an open house](#). Each adult must sign up separately.

There are eight times slots over two days. Slots disappear once people sign up for them.

Appointments begin in the late afternoon. We have to finish early in the evening to give our custodial crew time to disinfect.

These meetings are for adults only. Masks are required. We will continue social distancing.

I hope you can make it to one of these small-group discussions. It would be great to see an adult from every family.
